Careers Service website

Using mycareer

The screenshot displays the mycareer website for the University of Bristol. The header is teal with the University of Bristol logo and 'Careers Service' on the left, and 'Welcome to mycareer' on the right. Below the header is a navigation bar with links: Search, Book, Skills, My Career Passport, and Career Discovery. A row of icons represents various services: Events, Appointments, Opportunities, SME Internships, Forms, and Pathways (with a notification badge). The main content area is divided into two columns. The left column features a 'Hello Gaynor, welcome to mycareer' message, followed by 'Live Chat' and 'Access resources' sections. Below these are 'Bristol PLUS Award' and 'SME Internship Scheme' sections, each with a brief description and an image. The right column contains 'Upcoming bookings' and 'Saved Opportunities' sections, both indicating no current bookings or opportunities and providing search links. At the bottom of the main content area, there is a 'Skills Feedback' link with a description.

NEXT STEPS

myopportunities – for all types of opportunity

Internships and placements

Expand your career horizons, apply your learning and develop your skills by undertaking an internship during your studies or vacation periods.

Volunteering and outreach

Develop new skills, share your own experience or simply take the chance to give back to the community.

Mentoring and peer support

Mentoring and peer support are powerful ways to help others discover their own direction and make the most of opportunities available to them.

Student leadership and representation

Build your leadership skills whilst representing your peers on issues you are passionate about, whether at university or in the wider community.

Teaching and demonstrating

Put the knowledge you've learned into practice by supporting your peers or sharing your skills and experiences outside of the university.

Ideas and challenges

Apply your skills and experiences to developing your ideas, solving challenges and finding funding opportunities.

Skills development and training

Hone and develop a broad range of skills, whether personal or professional, by taking part in interactive and engaging opportunities online, at university or in the local community.
